

## LETTERS OF TRANSMITTAL

DECEMBER 11, 1959.

*To Members of the Joint Economic Committee :*

Submitted herewith for the consideration of the members of the Joint Economic Committee and others are study papers 10 and 11, "Potential Public Policies To Deal With Inflation Caused by Market Power"; and "A Brief Interpretive Survey of Wage-Price Problems in Europe."

These are among the number of subjects which the Joint Economic Committee has requested individual scholars to examine and report on to provide factual and analytic materials for consideration in the preparation of the staff and committee reports for the "Study of Employment, Growth, and Price Levels."

The papers are being printed and distributed not only for the use of the committee members but also to obtain the review and comment of other experts during the committee's consideration of the materials. The findings are entirely those of the authors, and the committee and the committee staff indicate neither approval nor disapproval by this publication.
