

and may make directions concerning equipment, weight, instruments and any other matters relating to the operation of such aircraft.

(5) The Minister may issue in respect of an aircraft a permit (to be known as a flight permit) in a form prescribed by the Minister, in any case where the aircraft is to be operated for purposes of experiment, test, demonstration or other special flight.

(6) A certificate of airworthiness or flight permit issued under this Part shall contain such conditions relating to the equipment, maintenance and operation of the aircraft as may be prescribed by the Minister, and the conditions so prescribed may be amended at any time by the Minister.

(7) The Minister may at any time inspect or cause to be inspected any aircraft in respect of which a certificate of airworthiness or a flight permit has been issued under this Part.

212. The Minister may, if he has reason to believe that an aircraft is unsafe for flying, suspend the certificate of airworthiness or flight permit issued in respect of that aircraft.

213. The Minister may cancel or suspend a certificate of airworthiness or a flight permit at any time when, in his opinion, such cancellation or suspension is necessary or advisable having regard to the safety of aerial navigation.

214. An aircraft type approval may be issued by the Minister in respect of any type of aircraft that in his opinion complies with standards of airworthiness approved or established by the Minister.

215. The Minister may make directions with respect to the times when a certificate of airworthiness is in force.

216. The Minister may prescribe such additional requirements in respect of the equipment and maintenance of any aircraft as he considers necessary by reason of the conditions under which the aircraft is operated.
