

PART III
—cont.

(3) Any such order may contain such consequential, incidental and supplemental provisions as appear to the Minister to be necessary or expedient for the purposes of the order, including in particular, provisions for empowering any person authorised in that behalf by the Minister, to remove, pull down, cut down or alter so as to bring into conformity with the requirements of any directions given under the order, any building, structure, tree or apparatus which contravenes those requirements.

(4) Any such order, other than an order relating to land in Northern Ireland, shall be subject to special parliamentary procedure.

(5) Before making any order under this section, the Minister shall consult every local authority within the area of which the whole or any part of the area of land to which the proposed order will relate is situated.

Notwithstanding anything in subsection (1) of section two of the Statutory Orders (Special Procedure) Act, 1945, the duty of the Minister to comply with the requirements of this subsection in relation to England or Wales shall not excuse him from the duty of complying with the requirements of the First Schedule to that Act.

(6) Subject to the special provisions of this Part of this Act relating to statutory undertakers, the provisions of the Third Schedule to this Act shall have effect with respect to directions given under an order made under this section.

(7) The powers of the Minister under this section shall not prejudice his power to acquire land for the purpose of securing the observance of any requirement or restriction which might have been imposed in relation to the land under this section.

27.—(1) If the Minister is satisfied, with respect to any building, structure or erection in the vicinity of an aerodrome to which this section applies that, in order to avoid danger to aircraft flying in that vicinity in darkness or conditions of poor visibility, provision ought to be made (whether by lighting or otherwise) for giving to such aircraft warning of the presence of that building, structure or erection, he may by order authorise (subject to any conditions specified in the order) the proprietor of the aerodrome, and any person acting under the proprietor's instructions,—

- (a) to execute, instal, maintain, operate, and, as occasion requires, to repair and alter, such works and apparatus as may be necessary for enabling such warning to be given in the manner specified in the order, and
