

PART VII.—Radio-Telegraph Apparatus.

63. Aircraft for which apparatus is obligatory.—Every public transport aircraft registered in India, which is capable, according to its certificate of airworthiness, of carrying ten or more persons including the crew, shall, when used in international air navigation or on a regular air transport service operating in India, be equipped with radio-telegraph apparatus of a type approved by the Central Government capable of sending and receiving communications by radio-telegraphy or radio-telephony, and installed, bonded and screened in a manner approved by the Central Government.

64. Suspension of rules.—The application of the rules in this Part may be suspended when owing to the lack of radio-telegraph organizations available for air traffic in a particular region the employment of radio-telegraph apparatus on board aircraft would serve no useful purpose.
