

have been revoked within one year of the date of such denial, any person whose application for the issuance or renewal of an airman certificate is denied may file with the Board a petition for review of the Administrator's action. The Board shall thereupon assign such petition for hearing at a place convenient to the applicant's place of residence or employment. In the conduct of such hearing and in determining whether the airman meets the pertinent rules, regulations, or standards, the Board shall not be bound by findings of fact of the Administrator. At the conclusion of such hearing, the Board shall issue its decision as to whether the airman meets the pertinent rules, regulations, and standards and the Administrator shall be bound by such decision: *Provided*, That the Administrator may, in his discretion, prohibit or restrict the issuance of airman certificates to aliens, or may make such issuance dependent on the terms of reciprocal agreements entered into with foreign governments.

Form and Recording of Certificate

(c) Each certificate shall be numbered and recorded by the Administrator; shall state the name and address of, and contain a description of, the person to whom the certificate is issued; and shall be entitled with the designation of the class covered thereby. Certificates issued to all pilots serving in scheduled air transportation shall be designated "airline transport pilot" of the proper class.

AIRCRAFT CERTIFICATES

Type Certificates

SEC. 603. [72 Stat. 776, 49 U.S.C. 1423] (a) (1) The Administrator is empowered to issue type certificates for aircraft, aircraft engines, and propellers; to specify in regulations the appliances for which the issuance of type certificates is reasonably required in the interest of safety; and to issue such certificates for appliances so specified.

(2) Any interested person may file with the Administrator an application for a type certificate for an aircraft, aircraft engine, propeller, or appliance specified in regulations under paragraph (1) of this subsection. Upon receipt of an application, the Administrator shall make an investigation thereof and may hold hearings thereon. The Administrator shall make, or require the applicant to make, such tests during manufacture and upon completion as the Administrator deems reasonably necessary in the interest of safety, including flight tests and tests of raw materials or any part or appurtenance of such aircraft, aircraft engine, propeller, or appliance. If the Administrator finds that such aircraft, aircraft engine, propeller, or appliance is of proper design, material, specification, construction, and performance for safe operation, and meets the minimum standards, rules, and regulations prescribed by the Administrator, he shall issue a type certificate therefor. The Administrator may prescribe in any such certificate the duration thereof and such other terms, conditions, and limitations as are required in the interest of safety. The Administrator may record upon any certificate issued for aircraft, aircraft engines, or propellers, a numerical determination of all of the essential factors relative to the performance of the aircraft, aircraft engine, or propeller for which the certificate is issued.
