## AGRICULTURE'S ROLE IN THE 1960 DECADE BY RALPH McCABE

|                                                               | Page |
|---------------------------------------------------------------|------|
| Agriculture's role in the 1960 decade.....                    | 1    |
| Chapter 1. Hunger in the cold war.....                        | 5    |
| Chapter 2. The West: Surpluses and problems.....              | 9    |
| Mechanization.....                                            | 10   |
| Increasing productivity and worker displacement.....          | 11   |
| Chapter 3. Sino-Soviet bloc: Persistent food problems.....    | 13   |
| U.S.S.R. and Eastern Europe.....                              | 14   |
| Communist Asia.....                                           | 17   |
| Chapter 4. Less developed area: Increasing food deficits..... | 19   |
| Latin America.....                                            | 21   |
| Africa.....                                                   | 22   |
| West Asia and the Far East.....                               | 23   |
| Appendix.....                                                 | 25   |

### TABLES

|                                                                                                                           |    |
|---------------------------------------------------------------------------------------------------------------------------|----|
| Table 1. Agriculture in the tripartite world.....                                                                         | 6  |
| Table 2. Cereal grains in the industrialized west.....                                                                    | 9  |
| Table 3. Cereal grains in the Sino-Soviet bloc.....                                                                       | 13 |
| Table 4. The Sino-Soviet bloc: Selected grains and all grains, pulses, roots,<br>and tubers, 1935-39, 1956, and 1959..... | 14 |
| Table 5. Average yield per unit area of selected cereals.....                                                             | 15 |
| Table 6. Cereal grains and starches in the less developed area.....                                                       | 20 |
| Table 7. Less developed areas: Selected grains and all grains, pulses, roots,<br>and tubers, 1935-39, 1956, and 1959..... | 21 |

### APPENDIX TABLES

|                                                                                                                                                                                                                             |    |
|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|----|
| Table A-1. Estimated population of the industrialized West, the Sino-Soviet bloc, and the less developed countries, 1935-39 and 1950-59.....                                                                                | 26 |
| Table A-2. Annual rate of population growth for the industrialized West, the Sino-Soviet bloc, and the less developed countries, 1935-39 and 1950-59.....                                                                   | 26 |
| Table A-3. Projected population of the industrialized West (by country), the Sino-Soviet bloc, and the less developed countries, 1960, 1965, and 1970.....                                                                  | 27 |
| Table A-4. Projected population of Brazil, Canada, China (mainland), Egypt, France, Guatemala, India, Pakistan, and the United States: 1960, 1965, and 1970.....                                                            | 27 |
| Table A-5. Estimated population of Brazil, Canada, China (mainland), Egypt, France, Guatemala, India, Pakistan, U.S.S.R., and the United States: 1935-39 and 1950-59.....                                                   | 27 |
| Table A-6. Per capita daily caloric intake, by major areas of the world, for the prewar period, 1935-39, and for selected postwar years, 1950, 1953, 1956, and 1958.....                                                    | 28 |
| Table A-7. Total area in selected cereals, by major areas of the world, for the prewar period, 1935-39, and for selected postwar years, 1950, 1953, 1956, and 1959.....                                                     | 28 |
| Table A-8. Total production of selected cereals, by major areas of the world, for the prewar period 1935-39, and for selected postwar years, 1950, 1953, 1956, and 1959.....                                                | 28 |
| Table A-9. Average yield per unit area of selected cereals, by major areas of the world, for the prewar period 1935-39, and for selected postwar years, 1950, 1953, 1956, and 1959.....                                     | 29 |
| Table A-10. Production of selected cereals per capita of total population and rural population, by major areas of the world, for the prewar period 1935-39, and for selected postwar years, 1950, 1953, 1956, and 1959..... | 29 |
