Chapter 8. FUNDAMENTAL INVENTIONS—NOBODY'S BABY (¶ 324ff.)

	Par.	Page
A. Introduction and instances: TV; helicopter; jet propulsion; voice-operated writing machine.....	324-9	105
B. Statistical evidence.....	330-4	106
C. Basic inventions we are therefore missing.....	335	108
1. Communication inventions: Reading machines, micro printing, radio facsimile, home printed newspaper.....	336-8	109
Television, point-to-point; the audiovisor.....	339-41	111
Music, past and future.....	342-5	112
2. Inventions for indexing things and people.....	346-8	113
Documentation and a world knowledge center.....	346	113
Inventions needed for indexing people.....	347	114
3. Cybernetic inventions.....	349-51	115
4. Other electrical inventions: Power sources, radiation, fractioning seawater, electroluminescence, smoke abatement, prospecting.....	353-7	116
5. Other biologic inventions.....	358-60	118
6. Other inventions.....	361-70	119
7. Transportation inventions.....	371-5	120

Chapter 9. AN ATTEMPT TO MEASURE THE CONTRIBUTIONS OF THE RIVAL INSTITUTIONS FOR SUPPORTING INVENTION (¶ 376ff.)

Part A: Outlays or inventive costs from various types of organization.....	376 ff.	123
Table 7: The supports of invention and its researches.....	382	124
Contributions, Federal, State and local.....	383-6	124
From universities and professional societies.....	387, 8	125
From trade associations.....	389	126
Tax benefits.....	390	126
From foundations; consulting laboratories.....	391, 2	126
From industry; suggestion systems.....	393-5	127
Unorganized inventors.....	396-412	128
Table 8, Fields of patents, assigned and otherwise.....	404	131
Awards and prizes, table 9.....	413, 4	133
Compulsory license.....	415	133
Patent pooling and cross-licensing.....	416-8	134
Sale of know-how.....	419-20	135
Part B: Transverse categories of invention's support.....	421-32	136
Patenting.....	423, 4	136
Secrecy.....	425-7	137
Monopoly.....	428, 9	137
Summary.....	431, 2	138

Chapter 10. MERITS, DRAWBACKS, AND BEST FIELDS, OF THE VARIOUS INSTITUTIONS SUPPORTING INVENTION, WITH RECOMMENDATIONS (¶ 433ff.)

Federal funds.....	435-9	139
International cooperation.....	440-2	142
State governments.....	444	143
Universities; professional societies.....	445-7	143
Trade associations.....	448	143
Tax benefits.....	449, 450	144
Foundations.....	451-3	144
Organized industry.....	454-6	146
Unorganized inventors; prizes and awards.....	458-62	146
Compulsory license.....	463-77	148
Patent pooling and cross-licensing.....	478-81	152
Know-how sales, and secrecy.....	482-4	153
Patents, proposed reforms.....	485-523	154
a. Proposals for improving the quality of patents.....	491-7	155
b. Proposals for speeding the issue of patents.....	498-505	158
Issue on registration, later paid search optional.....	502	158
c. Proposals for combatting abuses of patents.....	506-8	159
d. Proposals for improving and lightening litigation.....	509-17	159
e. Miscellaneous proposals.....	518 ff.	161
