

(b) Category B (applicable to aircraft, excluding engines) in respect of—

(i) Certification in the log book of aircraft after overhaul, except that the overhaul, repair or modification of the engine(s), instruments, automatic pilots, variable pitch propellers, or electrical equipment shall have been previously certified by a firm approved for the purpose or by an aircraft maintenance engineer appropriately licensed.

(ii) Certification in the log book of approved repairs.

(iii) Certification in the log book of approved modifications.

(iv) Certification in the log book of the replacement of approved components and parts.

(v) Certification of the construction of components and parts and the materials used therefor, unless it is stated in the licence that this duty is excluded.

(c) Category C (applicable to engines) in respect of—

(i) Certification as to fitness for flight of engines including propellers fitted in an aircraft for which a certificate of airworthiness is about to be issued.

(ii) Certification as to the safety for flight of engines including propellers fitted in public transport aircraft.

(iii) Certification in the log book of work done under approved maintenance schedules.

(iv) Certification in the log book of the embodiment of approved modifications and the replacement of approved components and parts, provided that the work has not involved dismantling the engines other than to obtain access to pistons, cylinders and valve-operating gear.

(d) Category D (applicable to engines only) in respect of—

(i) Certification in the log book of engines after overhaul and test except that the overhaul, repair or modification of magnetos and other ignition equipment shall have been previously certified by a firm approved for the purpose or by an aircraft maintenance engineer licensed for the purpose in Category X.

(ii) Certification in the log book of approved repairs.

(iii) Certification in the log book of approved modifications.

(iv) Certification in the log book of replacement of approved components and parts.

(v) Certification of the construction of components and parts and the materials used therefor, unless it is stated in the license that this duty is excluded.

(e) Category X in respect of—

(i) Certification in the log book of the installation and components and parts.

(ii) Certification of overhauls, repairs, modifications or replacements and tests thereof of aircraft engine ignition apparatus.

(iii) Certification in the log book of the overhaul, repair, modification, tests, and installation of variable pitch propellers and of replacements thereto.
