

VII. Conditions of Grant

In order to be awarded a grant for an approved solid-waste disposal "Studies and investigation-Municipal and regional project", applicants must provide assurance satisfactory to the Surgeon General of the Public Health Service:

- a. That there shall be an effective arrangement to insure full participation and coordination with related State, interstate, regional, and local planning activities; and
- b. That non-Federal funds are available for at least one-third of the cost of the solid-waste disposal demonstration or study and investigation project in addition to those which are available for the applicant's solid-waste disposal program activities not included in the project.

Further, applicants for demonstration project grants must provide assurance satisfactory to the Surgeon General:

- c. That open dumping or open burning of solid wastes is not authorized or is prohibited by law within the jurisdiction in which the applicant proposes to conduct the demonstration; except that if such assurance cannot be given:

- (1) An applicant which is a unit of government responsible for enforcement of laws and regulations relating to solid-waste disposal practices must set forth a schedule acceptable to the Surgeon General for the elimination of open dumping or open burning within its jurisdiction, or
- (2) An applicant which is not a unit of government responsible for enforcing laws and regulations relating to solid-waste disposal practices must submit a schedule officially adopted by the responsible unit of government.

Applicants for demonstration project grants which involve construction must also provide assurance satisfactory to the Surgeon General:

- d. That there will be proper and efficient operation and maintenance of the facility after completion of its construction;
- e. That the Surgeon General or authorized agents and other persons have access to any facility constructed as part of a demonstration project, and access to the records pertaining to the operation of the facility at any reasonable time;
- f. That all laborers and mechanics employed by contractors or subcontractors on a project of the type covered by the Davis-Bacon Act, as amended (40 USC 276a-276a-5) will be paid wages at rates not less than those prevailing on similar work in the locality as determined by the Secretary of Labor in accordance with the Act; and
- g. That he will comply with the requirement of Executive Order 11246, February 24, 1965, (30 FR 12319) pertaining to Equal Employment Opportunity, and with the applicable rules and regulations, and prescribed procedures.
