

B. Book selection: Textbooks shall include those textbooks that meet the state courses of study requirements and those adopted by the State Board of Education, provided that textbooks with new approaches (which have not been adopted by the State Board of Education) may be approved where justified. Other tools shall include school bibliographies selected by the State Department of Education, and lists recommended by the American Association of School Librarians.

C. Distribution: Title shall be retained by county and city boards of education, and educational agencies of the State. Materials are to be made available on a loan basis to all schools through the LEA's.

RÉSUMÉ, ALASKA STATE PLAN, TITLE II (ELEMENTARY AND SECONDARY EDUCATION ACT) 1966

I. ADMINISTRATION

The staff in the office of the Commissioner of Education will consist of the Coordinator of Federal Programs, ESEA-NDEA, assisted by the school library consultant and other consultative and supervisory personnel in the State Department of Education.

II. ALLOCATION

A. Fiscal Year 1966: \$118,854.

B. Percentages: At least 50% of the entitlement must be spent for school library resources and no more than 25% for other instructional materials. Textbooks will be excluded for the first year of operation.

Method of Allocation: LEA's will receive a minimum per-pupil allocation. Another basis for consideration will be need, in relation to local ability, considering the number of public school pupils in the district. A survey of existing resources will be used to establish need of private school pupils for instructional materials. Fifteen percent of the state allotment will be set aside for the acquisition of audio-visual resources for the use of all children and teachers in the state.

C. Processing: Up to \$1.00 per item.

III. DEADLINES

Funds must be encumbered by the end of the FY (June 30, 1966); liquidation (books received) must be accomplished by the end of the following FY (June 30, 1967).

IV. PROGRAM

A. Standards: The State Department of Education will use consultative and supervisory staff to develop and revise standards with assistance by local school librarians. The library consultant will be charged with the development and revision of these standards. National standards will be used until the state develops its own.

B. Book Selection: The Library Consultant will be charged with developing and adapting standard selection tools and reviewing media, to be disseminated to the LEA's.

C. Distribution: School library resources and other instructional materials will be made available to public and private elementary and secondary school teachers through the local education agencies. Materials for the use of children and teachers in state operated schools will be provided by the State Education Agency.
