7. Please explain briefly your answer in Question 6 above: (The following

statements are indicative of the responses of the superintendents and principals.)

(a) "There have been many requests by regular teachers to have NTC members work with them in their classrooms."

(b) "Regular teaching staff is grateful for additional assistance, however, some teachers are envious of the fact that corpsmen are released two days a week to attend classes at the university while making the same salary."

(c) "The regular staff and the community are very enthusiastic."

(d) "Our teachers are pleased with the teacher corps and are real proud of the help the corps has given them. We would like to see the program continued."

(e) "At first there was distrust and suspicion. Most of it is gone. Still there is envy and it is based on the payment received to go to school."
