§ 181.32 Attendance Zones

A single system of non-racial attendance zones must be established. A school system may not use zone boundaries or feeder patterns designed to perpetuate or promote segregation, or to limit desegregation or maintain what is essentially a dual school structure. A school system planning (1) to desegregate certain grades by means of geographic attendance zones and other grades by means of free choice of schools, or (2) to include more than one school of the same level in one or more attendance zones and to offer free choice of all schools within such zones, must show that such an arrangement will most expeditiously eliminate segregation and all other forms of discrimination. In any such case, the procedures followed for the offer, exercise and administration of free choice of schools must conform to the provisions of Subpart D below.

§ 181.33 Assignment to School in Zone of Residence

Regardless of any previous attendance at another school, each student must be assigned to the school serving his zone of residence, and may be transferred to another school only in those cases which meet the following requirements:

(a) *Transfer for Special Needs.* A student who requires a course of study not offered at the school serving his zone, or who is physically handicapped, may be permitted, upon his written application, to transfer to another school which is designed to fit, or offers courses for, his special needs.

(b) *Minority Transfer Policy.* A school system may (1) permit any student to transfer from a school where students of his race are a majority to any other school, within the system, where students of his race are a minority, or (2) assign students on such basis.

(c) *Special Plan Provisions.* A student who specifically qualifies to attend another school pursuant to the provisions of a desegregation plan accepted by the Commissioner may be permitted, upon his written application, to transfer to such other school.

§ 181.34 Notice

(a) *Individual Notice.* On a convenient date between March 1 and April 30 in each year, each school system must distribute, by first class mail, a letter to the parent, or other adult person acting as parent, of each student who is then enrolled, except high school seniors expected to graduate, giving the name and location of the school to which the student has been assigned for the coming school year pursuant to the desegregation plan, and information concerning the bus service between his school and his neighborhood. All these letters must be mailed on the same day. Each letter must be accompanied by a notice, in a form prescribed by the Commissioner, explaining the desegregation plan. The same letter and notice must also be furnished, in person or by mail, to the parent of each prospective student, including each student planning to enter the first grade or kindergarten, as soon as the school system learns that he plans to enroll.

(b) *Published Notice.* The school system must arrange for the conspicuous publication of an announcement, identical with the text of the notice provided for under (a) above, in the newspaper most generally circulated in the community, on or shortly before the date of mailing under (a) above. Publication as a legal notice is not sufficient. Whenever any revision of attendance zones is proposed, the school system must similarly arrange for the conspicuous publication of an announcement at least 30 days before any change is to become effective, naming each school to be affected and describing the proposed new zones. Copies of all material published hereunder must also be given at that time to all television and radio stations serving the community.
