

FIGURES

1-1	Computers installed at Manned Space Flight Centers to October 1966	436
1-2	Computer equipment costs at Manned Space Flight Centers by appropriations, in millions of dollars	437
3-1	Principal Manned Space Flight computers used in launch and mission operations	457
3-2	Mission Control Center/Real-Time Computer Complex phaseover schedule	458
3-3	Principal Manned Space Flight computer systems used in training	459
3-4	Quick-look reduction data to engineering units	460
3-5	Kennedy Space Center/Marshall Space Flight Center Launch Operations Support Center communications link	461
4-1	National Aeronautics and Space Administration automatic data processing organization	472
4-2	George C. Marshall Space Flight Center automatic data processing organization	473
4-3	Manned Spacecraft Center automatic data processing organization	474
4-4	John F. Kennedy Space Center automatic data processing organization	475
4-5	Manned Spacecraft Center computer responsibilities	476
4-6	Marshall Space Flight Center computer responsibilities	477
4-7	Kennedy Space Center computer responsibilities	478
