FIGURE 43

Mr. GAVIN. We sincerely hope that's the case. When we put a change into the first one, in order to fix something there, we try to make very sure that we are also fixing the downstream vehicles at the same point.

Representative WAGGONER. Maybe that was a bad statement to have said, that you haven't made the same mistakes. You were able to apply to vehicle 2 what in the way of changes you couldn't do to vehicle 1?
