

TABLE 1.—*Aerospace Industries—Regression analysis*[Dependent variable: Total workers]¹

Independent variable ²	Coefficient	Standard error	Beta	Partial correlation
Seasonal dummies:				
February.....	0.6556	25.84	0.0031	0.0030
March.....	21.1127	27.28	.1006	.0909
April.....	10.0475	21.25	.0178	.0556
May.....	11.8130	27.41	.0563	.0507
June.....	43.2230	31.50	.2058	.1596
July.....	24.1704	26.11	.1215	.1085
August.....	35.9255	33.91	.1804	.1239
September.....	60.3828	33.88	.3034	.2056
October.....	62.7813	33.69	.3154	.2145
November.....	65.4592	39.51	.3289	.1916
December.....	³ 88.8696	41.55	.4465	.2444
<i>t</i>	³ 8.9091	.9671	-4.6461	-.7355
<i>F</i>	³ .0159	.0061	2.8220	.6611
Current expenditures.....	.0054	.0112	.1114	.0573
Obligations, current.....	-.0037	.0103	-.0836	-.0452
1-month lag.....	³ .0323	.0104	.3253	.3434
2-month lag.....	³ .0275	.0104	.2794	.2985
3-month lag.....	³ .0210	.0107	.2111	.2262
4-month lag.....	³ .0271	.0108	.2730	.2850
5-month lag.....	³ .0303	.0108	.3076	.3148
6-month lag.....	³ .0305	.0106	.3144	.3221
7-month lag.....	.0159	.0106	.1608	.1752
8-month lag.....	.0185	.0106	.1876	.2019
9-month lag.....	³ .0223	.0103	.2262	.2466
10-month lag.....	³ .0306	.0104	.3096	.3264
11-month lag.....	³ .0348	.0105	.3529	.3649
12-month lag.....	.0168	.0091	.1759	.2120
Unobligated appropriations.....	³ .0071	.0029	.5031	.2775
Budget.....	³ .0081	.0029	.9044	.3091
Intercept.....	805.8519			
<i>R</i> ²	.7347			
Standard error of estimate.....	34.6737			
Degrees of freedom.....	72			
Durbin-Watson statistic.....	.3068			

¹ In thousands.² All money amounts are in millions of dollars.³ Significant at the 5-percent level.
