

under this title. These requirements and actions shall include (1) necessary action to assure that the rate of expenditure of any agency receiving financial assistance does not exceed the rate contemplated under its approved program; and (2) appropriate requirements to promote the continuity and coordination of all projects or components of community action programs receiving financial assistance under this title, including provision for the periodic reprogramming and supplementation of assistance previously provided.

"SPECIAL LIMITATIONS

"SEC. 244. The following special limitations shall apply, as indicated, to programs under this title.

"(1) Financial assistance under this title may include funds to provide a reasonable allowance for attendance at meetings of any community action agency governing board, neighborhood council or committee, as appropriate to assure and encourage the maximum feasible participation of members of groups and residents of areas served in accordance with the purposes of this title, and to provide reimbursement of actual expenses connected with those meetings; but those funds (or matching non-Federal funds) may not be used to pay allowances in the case of any individual who is a Federal, State, or local government employee, or an employee of a community action agency, or for payment of an allowance to any individual for attendance at more than two meetings a month.

"(2) The Director shall issue necessary rules or regulations to assure that no employee engaged in carrying out community action program activities receiving financial assistance under this title is compensated from funds so provided at a rate in excess of \$15,000 per annum, and that any amount paid to such an employee at a rate in excess of \$15,000 per annum shall not be considered in determining whether the non-Federal contributions requirements of section 223 have been complied with; the Director may, however, provide in those rules or regulations for exceptions covering cases where, because of the need for specialized or professional skills or prevailing local wage levels, application of the foregoing restriction would greatly impair program effectiveness or otherwise be inconsistent with the purposes sought to be achieved.

"(3) No officer or employee of the Office of Economic Opportunity shall serve as member of a board, council, or committee of any agency serving as grantee, contractor, or delegate agency in connection with a program receiving financial assistance under this title; but this shall not prohibit an officer or employee from serving on a board, council, or committee which does not have any authority or powers in connection with a program assisted under this title.

"(4) In granting financial assistance for projects or activities in the field of family planning, the Director shall assure that family planning services, including the dissemination of family planning information and medical assistance and supplies, are made available to all low-income individuals who meet the criteria for eligibility for assistance under this part which have been established by the assisted agency and who desire such information, assistance, or supplies. The Director shall require, in connection with any such financial assistance, that—

"(A) no individual will be provided with any information, medical supervision, or supplies which that individual indicates is inconsistent with his or her moral, philosophical, or religious beliefs; and

"(B) no individual will be provided with any medical supervision or supplies unless he or she has voluntarily requested such medical supervision or supplies.

The use of family planning services assisted under this title shall not be a prerequisite to the receipt of services from or participation in any other programs under this Act.

"(5) No financial assistance shall be extended under this title to provide general aid to elementary or secondary education in any school or school system; but this shall not prohibit the provision of special, remedial, and other noncurricular assistance.

"(6) In extending assistance under this title the Director shall give special consideration to programs which make maximum use of existing schools, community centers, settlement houses, and other facilities during times they are not in use for their primary purpose.
