Mr. Kelly
Training Director, Job Corps
Executive Office of the President
Washington, D. C. 20506

Dear Mr. Kelly:

We have had very little to do with the Clinton Job Corps Center as it is located about 35 miles from us in the City of Clinton, Iowa. Therefore, I have nothing to report on this matter other than comments from citizens who think it a crime to have such a thing located in their community. Their feeling is in respect to the calibre of men who are attracted as visitors to these girls.

Sorry I can not be of more assistance on this matter.

Sincerely,
