Mr. Lyle Larkins
Chief of Police
Kaysville, Utah

Dear Mr. Larkins:

Having recently been appointed Acting Director of Job Corps, I would very much like to know how you, a leader of a community in which a Job Corps Center is located, feels about that Center.

I am, therefore, taking the liberty of asking for your frank and honest appraisal about:

- how it has benefitted your community *None*
- how the young people in the Centers have participated in community affairs *Have not*
- how they engaged in community projects *None*
- how the Center has proved to be a good neighbor *Unknown*

I would be most grateful for your views. I'm sure they will be invaluable in my goal to improve all phases of the Job Corps program.

May I hear from you soon?

Sincerely,

W. F. Kelly
