rock island chamber of commerce

W. P. Kelly, Director of Job Corps
Office of Economic Opportunity
Executive Office of the President
Washington, D. C. 20506

Dear Mr. Kelly:

With reference to your recent letter, there is no Job Corps Center in Rock Island, Illinois. The nearest is in Clinton, Iowa and it has had no noticable impact on our community.

We do have a Neighborhood Youth Corps project in Rock Island but the benefit to the community is yet to be determined, we have no knowledge of the H.Y.C. participating in community affairs or community projects and it has yet to prove itself either a good or bad neighbor.

Yours cordially,

Junius P. Califf
President
