

Mr. CROOK. The exact figures on husband and wife teams I do not know. We would be happy to provide that for you and put it in the record if we may.

Mr. DELLENBACK. Fine. Will you do so.

Mr. CROOK. Yes, because we have some very colorful effective teams.

Mr. DELLENBACK. I am aware of their effectiveness. I am not particularly aware of their colorfulness.

Mr. DELLENBACK. Are there any particular needs that VISTA has aside from the Rome to which all roads lead, money, that need to be made in title VIII, the VISTA section of the law?

Mr. CROOK. I can think of none that has not been covered in the proposed legislation.

Mr. DELLENBACK. Unfortunately, I was trying to scan hurriedly to see exactly where in H.R. 8311 were the proposed amendments to title VIII. Can you give it to us briefly, what are the significant changes that need to be made in the basic law so far as you—

Mr. CROOK. The two significant changes would be the Citizens' Corps and clarification of the bill which permits us to give greater attention to part-time volunteerism. There is a section that enables us to do more work with the elderly than we have been doing in the past. Other than that, I think it is very much the same as last year.

Mr. DELLENBACK. These are not really critical changes?

Mr. CROOK. These are not dramatic changes; no, sir.

Mr. DELLENBACK. These will be helpful changes in the law?

Mr. CROOK. Yes, mainly in the area of clarification.

Mr. DELLENBACK. Fine. Thank you, Mr. Crook.

Thank you, Mr. Chairman, very much.
