Senator Gaylord Nelson
Senate Office Building
Washington, D.C.

Dear Senator Nelson:

I am enclosing for your information a letter which I sent to Doctor Schmidt shortly after my testimony before you. It is my hope that in accordance with this letter some reasonable conclusion to this dispute will be forthcoming.

I understand that hearings will be held again before your Subcommittee at which the FDA will be present. I am requesting at this time an opportunity to testify at that session so that the proper balance can once again be provided to the Subcommittee deliberations.

Thank you for your continued attention to this matter.

Very truly yours,

Neil L. Chayet
