

Health; Doctor Robert I. Levy, Director, National Heart and Lung Institute; and Doctor Ronald A. Chez, Chief, Pregnancy Research Branch, National Institute of Child Health and Human Development, National Institutes of Health.

Some of our 400 physician advisors from academic medicine include Doctor James C. Hunt, Professor and Chairman, Department of Medicine, Mayo Clinic and Mayo Medical School; Doctor Morton H. Maxwell, Clinical Professor of Medicine, UCLA School of Medicine; Doctor Clark H. Millikan, Professor of Neurology, Mayo Clinic and Mayo Medical School; Doctor Edward J. Quilligan, Professor and Chairman, Department of Obstetrics and Gynecology, University of Southern California School of Medicine; Doctor Michael E. DeBakey, President, Baylor College of Medicine, Texas Medical Center; and Doctor Harold D. Itskovitz, Professor of Medicine, Medical College of Wisconsin.

We have worked with the National Board of Medical Examiners, and representatives associated with the American Board of Internal Medicine, American Board of Family Practice, National Institutes of Health, Board of Psychiatry and Neurology, American Fertility Society, Epilepsy Foundation of America, American Heart Association, National Kidney Foundation, and many others.

It is this working relationship we have with medicine that is the basis for us to produce highly credible education programs funded and distributed by industry which are beneficial to the participants in medical schools, physicians in private practice, and patients. It is the integrity, reputation, and knowledge of this group that provides the peer review and controls over the educational materials.
