

## CONTROLLED SUBSTANCES

## Final 1975 Revised Aggregate Production Quotas in Schedules I and II

Section 306 of the Comprehensive Drug Abuse Prevention and Control Act of 1970 (21 U.S.C. 826) requires the Attorney General to establish aggregate production quotas for all controlled substances in Schedules I and II each year. This responsibility has been delegated to the Administrator of the Drug Enforcement Administration pursuant to § 0.100 of Title 28 of the Code of Federal Regulations.

On May 27, 1975, a notice of the proposed revised aggregate production quotas for 1975 was published in the Federal Register (40 FR 102). All interested parties were invited to comment or object to the proposed aggregate production quotas on or before June 30, 1975. No comments or objections were received.

Therefore, under the authority vested in the Attorney General by Section 306 of the Comprehensive Drug Abuse Prevention and Control Act of 1970 (21 U.S.C. 826), and delegated to the Administrator of the Drug Enforcement Administration by § 0.100 of Title 28 of the Code of Federal Regulations and further, having been duly designated as Acting Administrator by Order No. 607-75 of the Attorney General, dated May 30, 1975, in accordance with the authority stated therein, and pursuant to the authority delegated to the Acting Administrator by § 0.132(a) of Title 28 of the Code of Federal Regulations, and based upon consideration of the factors set

forth in 40 F.R. 102, the Acting Administrator of the Drug Enforcement Administration hereby orders that the aggregate production quotas for the controlled substances listed below, expressed in grams in terms of their respective anhydrous bases, be established as follows:

| Trade class         | Previously published 1975 aggregate production quotas <sup>1</sup> | Newly revised 1975 aggregate production quotas <sup>1</sup> | Net change <sup>1</sup> |
|---------------------|--------------------------------------------------------------------|-------------------------------------------------------------|-------------------------|
| Alphaprodine...     | 34,500                                                             | 47,000                                                      | +12,500                 |
| Carfene.....        | 684,000                                                            | 749,000                                                     | +65,000                 |
| Desoxyephedrine.... | 1,245,371                                                          | 1,305,533                                                   | +60,162                 |
| Dihydrocodeine..... | 771,000                                                            | 540,000                                                     | -231,000                |
| Methamphetamine...  | 10,000,000                                                         | 10,751,000                                                  | +751,000                |
| Oxycodone.....      | 1,700,000                                                          | 1,500,000                                                   | -200,000                |
| Ecceatotal.....     | 18,430,900                                                         | 21,918,500                                                  | +3,487,600              |

<sup>1</sup> Expressed in terms of anhydrous base. 710 lbs. (322,000 g) are to be used for the production of 1-phenylisopropylamine for use in the manufacture of a noncontrolled substance (25,000 g more than the previously published quota) and 274,000 g are to be used for the production of methamphetamine (5,010 g less than the previously published quota).

This order is effective August 10, 1975.

Dated: August 5, 1975.

JERRY N. JENSON,  
Acting Administrator,  
Drug Enforcement Administration.
