*The message below indicates
that I wrote a letter to your
office in support of Mysteclin-F.
I never wrote such a letter. If I
had communicated with your office,
it would be to suggest your
action against such combined
antibiotic drugs as Mysteclin-F.*

Dear Doctor Lyden:

We appreciate your consideration and support in
taking the time to write the Commissioner of the
Food and Drug Administration regarding a recent
report on Mysteclin-F by the NAS-NRC.

Your faith in the product and assistance in helping
to maintain the availability of Mysteclin-F is very
much appreciated.

Very truly yours,

W. E. Mullaly
