

10274 COMPETITIVE PROBLEMS IN THE DRUG INDUSTRY

6505-104-6672 (P.D. No. 1)

Packaging.

Unit of issue. One box containing 25 tablets, as specified, constitutes one unit of issue.

Packaging quantities. The number of units of issue indicated in the following table shall be packaged in each unit, intermediate, and exterior container, as applicable for the required level of protection specified in the procurement document.

Unit package	Packaging quantities	
	Intermediate package	Exterior container
1 unit	10 units	120 units

Packing variation permitted. If the required number of units in the entire shipment is less than the number of units specified to be overpacked in an exterior container, such units may be packed in an exterior container of suitable size and design, acceptable to a common carrier, which shall insure safe delivery to destination.

Level A.

Unit package. One roll of twenty-five tablets shall be packaged in a dispensing, tamperproof type box of appropriate size and design. The numbers on the strip package roll shall be in reverse order so that the first pocket removed shall be number 25 and the second number shall be 24, etc. The box shall have one transparent plastic window on the side opposite that of the label.

Intermediate package. Intermediate package shall be a box of appropriate size and design constructed in accordance with PPP-B-566 or PPP-B-676, except commercial colors will be acceptable, or PPP-B-636, type CF, class domestic. Closure shall be adequate to prevent accidental opening under normal handling.

Level C. Units shall be packaged in standard commercial containers of the size and kind commonly used, which will afford the degree of protection required for shipment and use of the product for its intended purpose.
