

10322 COMPETITIVE PROBLEMS IN THE DRUG INDUSTRY

Preparation For Delivery Amendment No. 10 dated 10 February 1973

Applicable to Exterior Container Markings only:

Markings for exterior containers shall be as specified in the Procurement documents, except that the "Item Description, Item Identification, Item Name, and Trade or Brand Name" shall not be shown on the exterior container. In addition, the words "Drugs", and "Poison", currently required on the exterior container shall also be deleted.

Markings on the exterior container shall be applied in sequence, and there shall be no blank spaces permitted between lines as a result of the deletion of the name, i.e., the quantity and unit of issue shall follow the FSN markings, and all other markings shall be moved up accordingly.
