Mr. WOLL. I will have to ask Mr. Scordas. Do we pay any procurement charge through the Navy or Air Force or the contractor at Rota? Is that in the interservice support agreement?

Mr. SCORDAS. We pay no service charges at Rota for parts. That is all included in the overhead.

Mr. ROMNEY. Mr. Woll, are the administrative charges for the offices of AID now being reflected in the cost of rehabilitation?

Mr. WOLL. All of our field offices, all of our personnel salaries, are reflected against the revolving fund. I believe 80 to 84 percent of the Washington staff is also paid out of the revolving fund. It is not 100 percent. I believe it is 80 to 84 percent of all our expenses out of Washington that is paid out of the revolving fund.

Mr. MONAGAN. You can get that information more accurately.

Mr. WOLL. Yes, I can get that.

(Subsequently, AID's Government Property Resources Division furnished the following information:)

| | |
|---|---|
| Number Washington staff | 16 |
| Number not paid from revolving fund | 4 |
| Percentage paid from revolving fund | 75 |
| Number worldwide personnel (including Washington) | 57 |
| Number not paid from revolving fund | 4 |
| Percentage paid from revolving fund | 93 |

Mr. MONAGAN. I think we should note for the record the decorations here—the cartoons. That seems to be Mr. Waters on the top and Mr. Woll on the right and is that Mr. Adriaenssens on the left? And President Johnson outnumbers King Baudouin 2 to 1.

Is this a picture of the signing of the contract?

Mr. WOLL. Yes, it was signed at the consul general's office.

Mr. MONAGAN. I would like to ask a few questions about the contract itself. Is this a fixed-sum contract?

Mr. WOLL. It is a fixed-price, indefinite-quantity contract.

Mr. MONAGAN. And what is the unit?

Mr. WOLL. Dollars.

Mr. MONAGAN. I mean, fixed price per what?

Mr. WOLL. Per input per year. We have a minimum guarantee this year for $1,250,000.

Mr. MONAGAN. That is acquisition cost?

Mr. WOLL. No, that is dollar cost. This is what we guarantee the contractor we will input in here for work.

Mr. MONAGAN. Work to that amount?

Mr. WOLL. Yes.

Mr. MONAGAN. But what is the unit of payment that is in the contract?

Mr. WOLL. Are you referring to the hourly rate?

Mr. MONAGAN. I am trying to find out what the measurement is in the contract.

Mr. WOLL. It is an hourly rate for labor plus a storage rate for outside and inside storage.

Mr. MONAGAN. We agree to furnish work to the amount of blank dollars?

Mr. WOLL. Yes.

Mr. MONAGAN. How many dollars?

Mr. WOLL. $1,250,000, covering the period November 1966 to November 1967.
