

AID
APPENDIX "B"

SECTION I - GENERAL SUPPLY INFORMATION

1. AID Furnished Parts are:

a. Those parts and sub-assemblies that are available from AID stocks or those parts and sub-assemblies shipped to the contractor's facility for consumption in the rehabilitation program will be obtained in the following order of priority:

- (1) Government furnished property.
- (2) Purchase by the Contractor.
- (3) Manufacture by the Contractor.

2. Government furnished property (GP) when authorized by the ACO is:

a. All items required to accomplish the work specified in the AID Appendix "A" except material indicated in para 2b below:

b. All parts and material furnished as Government Property (GFP) shall be procured in quantities as determined by the ACO.

3. Contractor furnished property (CFP) when authorized by the ACO.

a. The items required to accomplish the work specified in Appendix "A" that shall be furnished by the contractor are:

(1) All parts and material not available or furnished as GFP such as:

(a) Items that are coded "LP", "LP3", etc. (Local Purchase) in the "Issue and fund control" column of USAF and DOD stock lists.

(b) Items that are coded FM (Field Manufacture) or DM (Depot Manufacture) in the "Issue and Fund Control" column of USAF and DOD stock lists.

(c) Non-stock listed items.

(d) Items for which requisitions have been returned from supply source code (GP) not available in stock.

(e) Work stoppage items. Upon approval of the ACO for the purpose of preventing a work stoppage or slippage in contract schedule.

b. All contractor furnished property shall be procured in economical quantities not to exceed total contract requirements or quantity required to prevent work stoppage.
