NOTES TO TABLES

Water sales—Transactions in market areas on towable waters.
 Export sales—Transactions for export outside the United States.
 Inland sales—Transactions in market areas not on towable waters.
 The range of transaction prices contained in this compilation includes the differentials because of transportation costs to point of delivery; e.g., rafts in the water, brow log or deck at a plant, loaded on rail cars at reloads; or delivered alongside vessel in rafts or on dock and other special handling costs such as bundling, extra bucking to special lengths, etc.
 Industrial Forestry Association represents that it has used its best efforts in compiling these data, but disclaims any responsibility for the accuracy, completeness, or representativeness of the basic data supplied by the contributors to this compilation.
