

Advantages of the suggestions and recommendations

1. Under the proposed suggestions and recommendations the purpose of the proposed Travel Tax would be accomplished in relation to students who employ the title and status of a student in an effort to evade taxation but are, in reality, tourists.

2. They would continue to make possible the operation by American institutions of bonafide summer schools in Europe for serious students, to the advantage of American education and the subsequent benefit of the community and the country.

ANNEX A
SCHEDULE OF PROGRAMS AND TUITION COSTS

Program	Course No.	Cities and countries	Date	City of departure	Date	City of arrival	Student cost

JUNIOR HIGH PROGRAMS

French language (2 countries).	2JFL 101-4	Paris, London.....	June 24	New York..	Aug. 1	New York..	795
French language (3 countries).	3JFL 101-4	Madrid, Paris, Switzerland.	June 20	...do.....	July 29	...do.....	895

Note: All courses except junior high programs taught on secondary school and college level.

ANNEX B. COLLEGE CREDIT AND ADVANCED PLACEMENT

The following is the record of favorable replies up to February 22, 1968.

This list includes Colleges and Universities who will (A) grant degree credit, (B) grant Advanced Placement, (C) grant waiver of graduation requirement, for courses taken in the European summer session. Since conditions vary with each College it is not feasible to list them in groups at this time.

In general, conditions include award of credit on Harker's certification, credit or advanced placement by departmental oral or written examination, etc. Many of these schools permit their own matriculated students to take courses for degree credit. Where the name is listed in parenthesis it means some special procedure is required.

The student should be advised to write directly to Harker for further information on any College listed herein or concerning any College not listed.

NOTE.—This list does not include those Colleges granting recognition by Advanced Placement Examination or CEEB.
