

the facility and said property therefrom, and restore the project area as afore-said within such time as the said District Engineer may designate. In either event, if the permittee shall fail or neglect to remove said property and so restore the project area, then, at the option of the said District Engineer, said property either shall become the property of the United States without compensation therefor, or the said District Engineer may cause the property to be removed and the project area to be so restored at the expense of the permittee, and no claim for damages against the United States or its officers or agents shall be created by or made on account of such removal and restoration work.

11. It is to be understood that this permit is effective only insofar as the rights of the United States in the property involved are concerned, and that the permittee shall obtain such permission as may be necessary on account of any other existing rights.

This Permit is not subject to Title 10, United States Code, Section 2662.

In witness whereof, I have hereunto set my hand by authority of the Secretary of the Army this _____ day of _____ 19 ____

I/We have read the above permit and understand all of the conditions thereof and hereby accept and agree to abide by all of the conditions of the permit this _____ day of _____ 19 ____

Ref: EC 1130-2-25, Grants for Private Floating Facilities at Water Resource Development Projects and supplementary instructions.

Pending outcome of Congressional considerations to legislative proposals to prohibit collection of fees by above referenced EC, collection of fees for private facilities at Corps-operated reservoirs is postponed for one year, until 1 January 1969. Advance press notice is being furnished Congressmen on Tuesday, 7 November with release on Wednesday, 8 November. Correspondence with interested parties should be delayed until announcement is received in your office.

JAMES B. MEANOR, Jr.,
Colonel, Corps of Engineers,
Executive Director of Civil Works.

[Circular No. 1130-2-48]

DEPARTMENT OF THE ARMY,
OFFICE OF THE CHIEF OF ENGINEERS,
Washington, D.C., November 29, 1967.

EXPIRES 31 DECEMBER 1968 UNLESS SOONER SUPERSEDED OR RESCINDED PROJECT OPERATIONS

Grants for private floating facilities at water resource development projects

1. *Purpose.* The charges prescribed in Circular No. 1130-2-25 dated 17 November 1966 have been suspended until 1 January 1969. This circular is to authorize the issuance of new permits for a period extending to 31 December 1968 with certain conditions.

2. *Scope.* Where necessary, District Engineers are authorized to issue new revocable permits without charge for private and comparable facilities on Federal land where same is not detrimental to the public enjoyment of the project or its natural resources (Para 3b ER 1165-2-2). Each permit will contain a statement that this permit will be terminated when the charges now held in abeyance are imposed and that the facilities may not be utilized for other than the purpose indicated.

For the Chief of Engineers:

JAMES B. MEANOR, Jr.,
Colonel, Corps of Engineers,
Executive Director of Civil Works.
