

That is the same scene, only on the right. Another transition point that will have to be fixed?

Mr. GRAHAM. It most certainly will.

Mr. McEWEN. Mr. Chairman.

Mr. McCARTHY. Mr. McEwen.

Mr. McEWEN. We have seen a number of slides showing abutments in all of the States, including New York. The abutment that is behind that reflector sign there appears to be a four-tiered concrete abutment. Can you gentlemen enlighten us as to what structural purpose this concrete abutment serves?
