

Mr. ROSENTHAL. We have about 2 minutes to get ready to make an airplane. What remedies do you have?

Mr. BLASSIE. If you want to do the right thing, if the industry doesn't come forth and do it, let the U.S. Government subsidize supermarkets in this area, let them do the same thing that they do under the urban redevelopment program downtown for free taxes for 10 years and maybe you'll get some supermarket operators to build in there. Let's give these poor people the same break that we give the captains of industry that are building the Mill Creek Valley. This is the recommendation. Then we are on the right track.

Mr. ROSENTHAL. The committee stands adjourned.
(Whereupon, at 4:40 p.m., the hearing in the above-entitled matter was adjourned.)
