

3. *A committee on natural areas should serve as a point of contact within the Federal establishment for information on natural areas obtained in the monitoring program.*—An informal group composed of representatives from the Department of Agriculture and the Department of Interior is currently developing reference information on natural areas.

Education

1. *Additional emphasis should be given to ecologically-oriented training.*
2. *Federal agencies with missions in ecologically-oriented research should support training of students in their fields.*
3. *Ecologically-oriented national research programs, including those at national laboratories, should contribute to university education through direct involvement of students in these programs.*—The Federal Government should facilitate the participation of its scientists in research training.

Mr. DADDARIO. This committee will adjourn until tomorrow morning at 10 a.m. at the same place.

(Whereupon, at 12:25 p.m. the subcommittee adjourned, to reconvene at 10 a.m., Wednesday, March 13, 1968.)
