

status of any application affecting such rivers which may be filed while they are being studied. The amendment to Section 7(b) set out above will accomplish this result.

The Commission believes that this amendment would be compatible with the basic precept of the Federal Power Act and would further the objectives of H.R. 8416 by assuring full consideration of scenic factors in water resources programs. The amendment would not in our judgment unduly delay the processing of licensing matters under the Power Act and we accordingly concur with the Department of the Interior and the Department of Agriculture in recommending its adoption.

In conclusion, the Commission supports the objectives of this legislation and we would have no objection to the enactment of H.R. 8416, if the bill is amended along the lines described herein (1) to require State-established components of the National Scenic Rivers System to be approved by Acts of Congress, (2) to preserve the licensing jurisdiction of the Federal Power Commission over existing projects on scenic rivers established thereunder and also to permit it to license further developments on such rivers when specifically authorized to do so by Act of Congress, and (3) to require any studies of rivers for possible future inclusion in the System to be completed within two years after notification that an application for license affecting such a river has been filed with the Federal Power Commission.

FEDERAL POWER COMMISSION,
LEE C. WHITE, *Chairman*.

TABLE A.—DEVELOPED AND UNDEVELOPED HYDROELECTRIC PROJECTS LOCATED ON PORTIONS OF RIVERS NAMED IN THE NATIONAL SCENIC RIVERS BILL, H.R. 8416, 90TH CONG.

I. REACHES OF RIVERS NAMED IN SEC. 3 AS COMPONENTS OF THE NATIONAL SCENIC RIVERS SYSTEM

Project	State	River	Installed capacity (kilowatts)	Annual generation (thousand kilowatt-hours)	Gross head (feet)
1. Rogue—Undeveloped:					
Cooper Canyon	Oregon	Rogue	300,000	1,140,000	450
Ramey Falls	do.	do.	100,000	430,000	300
Total			400,000	1,570,000	
2. Rio Grande (none).					
3. Salmon—Undeveloped:					
Crevice	Idaho	Salmon	1,015,000	2,000,000	725
Black Canyon	do.	do.	238,900	930,000	332
Pinnacle Peak	do.	do.	243,000	940,000	376
Shoup	do.	do.	14,000	110,000	90
Indianola	do.	do.	71,000	280,000	248
Lewis	do.	Middle Fork, Salmon	141,000	550,000	433
Pungo	do.	do.	8,000	66,000	170
Risley	do.	do.	5,300	44,000	135
Steelhead	do.	do.	5,400	45,000	145
Sheepwater	do.	do.	7,700	65,000	240
Deerhorn	do.	do.	5,300	44,000	170
Fuller	do.	do.	5,800	48,000	190
Salmon Falls	do.	do.	3,900	32,000	140
Fall Creek	do.	do.	5,500	46,000	200
Chinook	do.	do.	5,200	43,000	200
Bear Valley	do.	do.	7,800	65,000	310
Total			1,781,900	5,308,000	
4. Clearwater—Undeveloped:					
Penny Cliffs	Idaho	Middle Fork, Clearwater	292,000	1,787,000	590
Jerry Johnson	do.	Lochsa	46,000	178,000	290
Wendover	do.	do.	105,000	450,000	718
Wolf Creek	do.	Selway	103,000	400,000	286
Moose Creek	do.	do.	240,000	720,000	592
Running Creek	do.	do.	50,000	200,000	302
White Cap	do.	do.	68,000	260,000	483
Total			904,000	3,995,000	
Total, sec. 3, undeveloped			3,085,900	10,873,000
