

STATE DIRECTOR, PUBLIC HEALTH NURSING

This is responsible professional public health nursing work of an administrative nature. An employee in this class participates in agency program planning and policy development, has responsibility for organizing, planning and directing public health nursing services of the State department of health, and coordinating the nursing services with other services of the department of health, and with local, State and Federal agencies. In some instances the work may include supervision of the local nursing programs. This class usually requires a BS degree including public health nursing, graduate training in public health nursing, registration to practice nursing in the State, and extensive public health nursing experience, including some administrative and supervisory responsibilities.
