

ARTICLE 13

Adjustments and additional purchases in case of critical need

(1) If a critical need has arisen or threatens to arise in its territory, an importing country may appeal to the Council for assistance in obtaining supplies of wheat. With a view to relieving the emergency created by the critical need, the Council shall give urgent consideration to the appeal and shall make appropriate recommendations to exporting and importing countries regarding the action to be taken by them.

(2) In deciding what recommendation should be made in respect of an appeal by an importing country under the preceding paragraph, the Council shall have regard to its actual commercial purchases from member countries or to the extent of its obligations under Article 4, as may appear appropriate in the circumstances.

(3) No action taken by an exporting or importing country pursuant to a recommendation made under paragraph (1) of this Article shall affect the datum quantity of any exporting or importing country in subsequent crop years.

ARTICLE 14

Other adjustments

(1) An exporting country may transfer part of its balance of commitment to another exporting country, and an importing country may transfer part of its balance of entitlement to another importing country for a crop year, subject to approval by the Council.

(2) Any importing country may at any time, by written notification to the Council, increase its percentage undertaking referred to in paragraph (2) of Article 4 and such increase shall become effective from the date of receipt of the notification.

(3) Any importing country which considers that its interests in respect of its percentage undertaking under paragraph (2) of Article 4 are seriously prejudiced by the withdrawal from this Convention of any exporting country holding not less than 50 votes may, by written notification to the Council, apply for a reduction in its percentage undertaking. In such a case, the Council shall reduce that importing country's percentage undertaking by the proportion that its maximum annual commercial purchases during the years determined under Article 15 with respect to the withdrawing country bears to its datum quantity with respect to all countries listed in Annex A and shall then further reduce such revised percentage undertaking by subtracting two and one half.

(4) The datum quantity of any country acceding under paragraph 2 of Article 38 shall be offset, if necessary, by appropriate adjustments by way of increase or decrease in the datum quantities of one or more exporting or importing countries, as the case may be. Such adjustments shall not be approved unless each exporting or importing country whose datum quantity is thereby changed has consented.

(5) The Council may at the request of any country delete that country from either Annex to this Convention and transfer it to the other.
