

TABLE 6.—VALUE ADDED BY MANUFACTURE
[In millions of dollars]

Industry	1958-60	1964	1966
Sawmills, planing mills.....	1,472.7	1,693.0	1,748.3
Hats and caps.....	211.7	179.4	133.6
Electron tubes.....	569.1	556.7	968.1
Footwear.....	1,205.9	1,392.4	1,532.8
Cotton broad fabrics.....	1,556.7	1,757.1	2,059.2
Wooden containers.....	182.9	174.2	225.9
Hosiery.....	488.8	514.4	606.5
Bakery products.....	2,754.5	3,148.2	3,371.1
Bricks, structural clay products.....	316.7	371.1	377.7

TABLE 7.—VALUE ADDED PER PRODUCTION WORKER MAN-HOUR

Industry	1958-60	1964	1966
Sawmills, planing mills.....	\$3.09	\$4.12	\$4.32
Hats and caps.....	3.51	3.87	3.71
Electron tubes.....	5.85	7.62	8.77
Footwear.....	3.22	3.85	4.13
Cotton broad fabrics.....	2.89	3.59	4.23
Wooden containers.....	2.73	3.24	3.82
Hosiery.....	2.80	3.25	3.63
Bakery products.....	7.51	9.27	10.11
Bricks, structural clay products.....	3.89	5.06	5.20

TABLE 8.—PRODUCTION WORKER JOB LOSS DUE TO RISE IN NET IMPORTS 1958/60 TO 1964
[Dollar amounts in millions]

	Change in net imports	Implied change in value added per production worker	Implied loss in production worker jobs ¹
Sawmills, planing mills.....	-\$37.4	-\$17.0	-2,053
Hats and caps.....	-7.0	-3.9	-546
Electron tubes.....	-9.4	-6.1	-399
Footwear.....	-44.6	-24.8	-3,450
Cotton broad fabrics.....	-26.0	-11.1	-1,438
Wooden containers.....	-2.2	-0.9	-139
Hosiery.....	-2.6	-1.2	-197
Bakery products.....	-4.2	-2.3	-117
Bricks, structural clay products.....	-1.8	-1.2	-111

¹ The value added amounts implied by the rise in net imports were computed using the ratio of total value added to total shipments in each industry. These value added amounts were converted into production worker employment as follows: (1) 1964 production worker value added per man-hour was multiplied by the average annual number of man-hours per production workers in 1964. This gave value added per production worker per year in 1964. (2) The value added implied in the rise in net imports was divided by the resulting value added per production worker per year in 1964. This gave the number of production workers needed in 1964 to produce the value added implied by the rise in net imports.

The CHAIRMAN. Would it be possible for you to give us the names of the nine industries you refer to?

Mr. PURCELL. Yes, indeed.

The CHAIRMAN. It is in the statement?

Mr. PURCELL. Yes. The nine industries are sawmills and planing mills, hats and caps, electron tubes, footwear, cotton broad fabrics, wooden containers, hosiery, bakery products, and bricks and structural clay products.
