

NORWAY		NORWAY	
Product	Type of Restriction	Estimated Impact on U.S. Trade	Trade Agreement Status
All products purchased for the public account	Government procurement practices	Possibly significant, but groups too broad to permit trade summary	Legal and negotiable
			Preference is given to domestic over foreign bidders on contracts for the supply of goods for public works. This preferential system has been abolished for other EFTA countries in conformity with Article 14 of the EFTA Convention. Elimination on a global basis will probably be considered in the future on a reciprocal basis.
