

SPAIN				
Product	Type of Restriction	Estimated Impact on U.S. Trade	Trade Agreement Status	Remarks
Motion pictures	Dubbing tax	Significant, but exact amount not known	1963 Concession to U.S.	Tax varies with country of origin, the charge on U.S. films being the highest. Films from Spanish speaking countries exempt. Discussed in OECD and in GATT (KR).
<u>Health, Sanitary and Safety Restrictions</u>				
Pharmaceutical and cosmetic preparations	Registration with Public Health Dept.	Possibly significant, but trade summary not possible	Legality questionable	Registration is complicated and regulations are arbitrary. In the past registration of foreign products has been halted entirely pending revision of regulations. New food and drug code to be issued shortly.
<u>Other Restrictions</u>				
Certain types of coal, petroleum and derivatives, cotton	State trading	Not significant	Presumably legal	Treatment of imports liberal. No complaints from U.S. industry.
All products	Use of imported goods prohibited in projects involving state or other local Government funds; includes national or quasi-national firms.	Significant, but exact amount not known.		Application for import license may be made when Spanish goods are unavailable or do not meet necessary specifications.
