Product		Type of Restriction		Estimated Impact on U. S. Trade		Trade Agreement Status		Remarks	
<u>Non-Agricultural Quantitative Restrictions</u>									
A large and growing number of home and other consumer products, particularly in textiles, leather and plastic goods and automobile accessories		Specific import license		Significant, although estimate of impact not possible. Total imports from U.S. for 1966, \$59 million; estimated total for 1967, \$61 million.		Illegal as applied to GATT items.		Specific import licenses are required in order to limit or preclude imports of items which are generally competitive with domestic industries. A number of criteria are applied in issuing such licenses: quotas; price range; local production levels; seasons, etc.
