The CHAIRMAN. We appreciate so much your coming to the committee. I want to congratulate all of you and thank you for this high degree of cooperation with us today in coordinating your testimony. It has been very helpful to us and certainly all the members of the committee will have an opportunity to give their careful consideration to it when we get into executive session.

That completes our calendar.

Without objection the committee adjourns until 10 o'clock Monday morning.

(The following statement was received, for the record, by the committee:)

STATEMENT OF G. L. TICKNER, EASTERN MANAGER, PIGMENT, COLOR AND CHEMICAL DEPARTMENT, THE SHERWIN-WILLIAMS Co.

Since World War I Sherwin-Williams has produced Benzenoid Intermediates and Pigments at a multi-million dollar investment at Chicago, Illinois. Our entry into this field was necessitated by the European hostilities which cut off our sources of supply. Approximately 550 people currently are employed with a payroll of just under three million dollars per year. Included in this effort is a
