 (3) Suffering from a disease which is included in one of the six specific groups named in Section 612(g) (2).  
 Of these, 559 have completed one year on post-hospital care status and thus become eligible for further care as reasonably necessary, for such disease or disorder. Of the remaining 966, there are 683 still undergoing active treatment on a post-hospital care status.  
 House Report No. 680, 88th Congress, 1st session, includes a table showing an analysis of aid and attendance pension cases on the rolls June 10, 1963 by major diagnosis. This table appears below. Using a most liberal interpretation, ap-
