

APPENDIX II

ORSANCO RESOLUTION NO. 14-59, NOTIFICATION OF SPILLS AND ACCIDENTAL DISCHARGES

(Adopted September 30, 1959, and amended January 12, 1961)

WHEREAS: Spills and other accidental discharges of sewage, industrial wastes and other substances which are contrary to the language and intent of the Ohio River Valley Water Sanitation Compact and are in violation of the treatment standards and other regulations duly promulgated by the Ohio River Valley Water Sanitation Commission are likely to occur from time to time, notwithstanding efforts to prevent them; and

WHEREAS: Such spills and discharges are likely to have such a deleterious effect upon the quality of the waters of the Ohio River Valley Water Sanitation District as to cause serious damage to or to impose unwarranted burdens upon the users thereof;

BE IT RESOLVED: That, in order to minimize the adverse effect which the above-described occurrences may have upon users of waters within its jurisdiction, the Ohio River Valley Water Sanitation Commission does hereby establish the following procedure for the dissemination of information with regard to such occurrences among agencies, municipalities, corporations, persons or other entities which or who may be affected thereby:

1. Each and every municipality, corporation, person or other entity which or who may cause or be responsible for any spill or accidental discharge into any of the waters of the Ohio River Valley Water Sanitation District of sewage, industrial waste or other substance of such character and in such quantity as to be unsightly or deleterious to the quality of such waters shall give immediate notification thereof by telephone to the water pollution control agency of the state in which such spill or discharge may occur;
2. Such notification shall set forth the time and place of such spill or discharge, the type or types and quantity or quantities of the material or materials included therein, action or actions taken to stop such spill or discharge and to minimize the polluting effect thereof, the measure or measures taken or to be taken in order to prevent a recurrence of any such spill or discharge and such additional information as may be requested by the state agency;
3. It shall be the responsibility of each industrial establishment or other entity discharging directly to a stream to have available insofar as practicable and reasonable the following information pertaining to those
