

1 way, to serve an urban area of more than fifty thousand
2 population. Such parking facility shall be located and designed
3 to permit its use in conjunction with existing or planned
4 mass transportation facilities. In the event fees are charged
5 for the use of any such facility, the rate thereof shall not be
6 in excess of that required for maintenance and operation.

7 “(c) The Federal share payable on account of any
8 project authorized by this section shall be 75 per centum.
9 Sums apportioned in accordance with section 104 of this
10 title shall be used to finance the Federal share payable under
11 this section.

12 “(d) The Secretary shall not approve any project under
13 this section until the following conditions have been satisfied:

14 “(1) The State highway department has provided
15 assurances satisfactory to the Secretary that the State,
16 or a political subdivision thereof, or a public parking
17 authority, is authorized and capable of constructing,
18 maintaining, and operating the facility;

19 “(2) The design standards for construction of the
20 facility have been concurred in by the Secretary, which
21 shall be developed in cooperation with the State high-
22 way department; and

23 “(3) The Secretary and the State highway depart-
24 ment or other appropriate public agency have entered
