

1 Creek and East Creek of Granite Creek) to the Cascade
2 Divide;

3 thence in a northeasterly direction along the Cascade
4 Divide through Azurite Peak to a point just east of
5 Glacier Pass where Hancock Ridge meets the divide;

6 thence in a generally easterly direction along Han-
7 cock Ridge to a point due north of Flagg Mountain to
8 the south;

9 thence in a southerly direction across the West Fork
10 of the Methow River through Flagg Mountain to De-
11 lancy Ridge;

12 thence in a generally easterly direction along De-
13 lancy Ridge to a point due north of the confluence of
14 Silver Star Creek with Early Winters Creek;

15 thence south to the confluence of Silver Star Creek
16 and Early Winters Creek;

17 thence across Early Winters Creek in a generally
18 southerly direction along the hydrological divide just
19 west of Silver Star Creek to the summit of Silver Star
20 Mountain;

21 thence in a generally southerly direction along the
22 ridge dividing the drainage of Early Winters Creek from
23 that of Cedar Creek (Kangaroo Ridge) and then divid-
24 ing the drainage of North Creek from the headwaters of
