RESOLUTION OF THE BOARD OF COUNTY COMMISSIONERS AND JEFFERSON COUNTY PLANNING COMMISSION

STATE OF COLORADO, *County of Jefferson, ss:*

Whereas, the Board of County Commissioners and Planning Commission of the County of Jefferson, State of Colorado, have this date met in joint session and have reviewed the proposed development of the Mt. Carbon Reservoir on Bear Creek in Jefferson County, and

Whereas, it is found that a history of flooding exists on Bear Creek, and
 Whereas, this flooding has resulted in a loss of life and severe damage to developed areas, and

Whereas, a continued and substantial amount of development has occurred in this drainage basin subsequent to the last flood, which would result in a material increase in loss should any future flooding of this area occur, and

Whereas, it is felt that added and further benefits would be gained through the development of recreational facilities in connection with this reservoir construction; now, therefore, be it

Resolved, That the Board of County Commissioners and Planning Commission of the County of Jefferson, State of Colorado, hereby and herewith endorse and approve the proposed Mt. Carbon Reservoir project in Jefferson County, and urge all possible haste in its completion.

Witness our hands and seal this 27th day of March 1967.

Attest:

JOE B. LEWIS,
Chairman, Board of County Commissioners.
 LOURINE MARTIN,
Deputy Clerk to the Board.
 WILMA BLAKE,
 RALPH CARTER.

Congressman DONALD G. BROTZMAN,
 Longworth House Office Building,
 Washington, D.C.

DEAR SIR: On behalf of the citizens of Sheridan I urge you to push the bill for the Mt. Carbon Dam that will control flooding on Bear Creek.

During the 1965 flood many of our citizens had their homes and all their worldly possessions lost. Businesses suffered untold damage, bridges were washed out. Our City Hall and all its contents were so badly damaged that it was necessary to purchase a new City Hall building and we are still trying to repair and replace the damages.

We can not face another disastrous flood with all its heartache, damage and expense.

We do support the Brotzman-Rogers bill for the Mount Carbon Dam that will control flooding on Bear Creek.

Respectfully yours,

JANE E. ROSENBACH, *Mayor.*
 DENVER, COLO., May 23, 1967.

HON. DON BROTZMAN,
 U.S. House of Representatives,
 Washington, D.C.:

The Mount Carbon project is vital to metropolitan Denver and to the entire State. It meets economic benefits of Corps of Engineers have been pressing for
