

Mr. Chairman, with your permission I would like for the members of the board just to stand to indicate their presence here today.

Mr. JONES. We are glad to have you with us.

Mr. SCOTT. Then we have other resolutions that are 1967 resolutions because these governing bodies have not met since they learned of the date of this hearing, but insofar as I know each of the counties still favor the project; resolutions of approval from the governing bodies of Essex County, Westmoreland County, Louisa County, Middlesex County, and Caroline County.

Mr. JONES. Without objection, the various statements and resolutions will be made a part of the record and printed at this point.

(The various resolutions and statements follows:)

BOARD OF SUPERVISORS,
Caroline County, Va., June 18, 1968.

At a meeting of the Caroline County Board of Supervisors held on Monday, June 17, 1968, the following were present: John H. Pitts, Chairman, Welford Orrock, E. Conway Davis and Charlie R. Rodbins, Jr.

Mr. Orrock made a motion that a resolution which was passed by the Board October 2, 1967 in favor of the Salem Church Dam be sent to F. Freeman Funk to be presented before the Sub-Committee on Flood Control of the House Public Works Committee on June 20th, 1968. Mr. Davis seconded, passed.

The Clerk is directed to send Mr. Funk a copy of this resolution.

JOHN H. PITTS, *Chairman.*

A Copy Teste:

R. S. CAMPBELL,
Clerk, Caroline County Board of Supervisors.

At a regular meeting of the Caroline County Board of Supervisors held at the Clerk's Office on Monday, October 2, 1967, the following were present: John H. Pitts, Chairman, Welford Orrock, Clarence Campbell, Jr. and E. Conway Davis.

Mr. Campbell made a motion that the following resolution regarding Salem Dam be passed:

"Whereas, it is becoming increasingly obvious that the urbanization and rapid population growth of the Rappahannock River Basin area demands that every effort be made at this time for the preservation of our water and other natural resources so that there will be adequate water supply, flood control and recreational areas for the orderly and economic development, and

Whereas, the only way to obtain the full benefit which can be derived from the river is through the construction of the proposed multi-purpose reservoir at Salem Church, which will develop the full potential, and

Whereas, it appears that the economics of land acquisition for the project are such that any delays in the normal steps leading to completion of the project will be detrimental, now therefore,

Be it resolved that the Board of Supervisors of Caroline County, Virginia, urge the Congress to authorize the construction of Salem Church Reservoir as recommended in Senate Document No. 37, 90th Congress, 1st Session. Mr. Davis seconded the motion which was passed.

JOHN H. PITTS, *Chairman.*

A Copy Teste:

R. S. CAMPBELL, *Clerk.*

FREDERICKSBURG, VA., *June 18, 1968.*

HON. WILLIAM L. SCOTT,
House of Representatives,
Washington, D.C.

DEAR BILL: At the regular meeting of The Peoples Bank of Spotsylvania held on June 10, 1968, the following resolution was duly moved, seconded, and unanimously passed:

"Be it resolved that the Directors of The Peoples Bank of Spotsylvania go on record as favoring the Salem Church Dam and Reservoir project.
