

I am also submitting a letter of Mr. H. Marston Smith of the law firm of Smith, King & Murphy of Warsaw, Va., dated June 17, 1968, and a letter of J. Clifford Hutt, of Hutt and Robertson of Montross, Va., dated June 17, 1968, which I would like to have made a part of the record.

I am also submitting a resolution of the Rappahannock Area Development Commission of Fredericksburg, Va. dated March 27, 1967.

Mr. JONES. Without objection they will be received.

Mr. F. FREEMAN FUNK,
City Manager,
City of Fredericksburg, Va.

DEAR MR. FUNK: Thank you for your letter in regard to the Salem Church Reservoir Project.

My schedule has me out of town for the entire week beginning June 17.

I wrote a letter in regard to this project at the time of the last hearing. I understand that this letter was made a part of the record at that time. You certainly have my permission to include it as a part of the record of this hearing if you so wish since my views have not changed.

Sincerely,

H. MARSTON SMITH

HUTT & ROBERTSON,
Montross, Va., June 17, 1968.

Mr. F. FREEMAN FUNK,
Fredericksburg, Va.

DEAR MR. FUNK: I appreciate your letter of the 14th and the invitation therein included. I would like very much to be able to attend both the conference and the hearings, but, unfortunately, I am committed both for the night of the 19th and the day of the 20th. You might tell Joe Rowe that our Board of Supervisors has already adopted a resolution strongly urging construction of the Salem Church project and I am sure would again endorse it if we had a meeting between now and the time of the hearing. Our people would find this project quite beneficial, both from the stabilization of the river and from the many advantages which would accrue to the overall area from the impoundment of such a large body of water.

If my personal endorsement as a member of the Board of Supervisors would be helpful, this would serve to authorize Joe to set it forth, either verbally or in any written report which he may wish to submit.

With best wishes, I am,
Yours very truly,

J. CLIFFORD HUTT.

RAPPAHANNOCK AREA DEVELOPMENT COMMISSION,
Fredericksburg, Va., March 27, 1967.

SALEM CHURCH DAM PROJECT RESOLUTION

Whereas the Corps of Engineers report of May 2, 1966 specified the feasibility and recommended construction of Salem Church Dam project on the Rappahannock River, and

Whereas the economic development of the Central Rappahannock River Basin is unalterably tied in with the availability of water supply for the area, and

Whereas all of the jurisdictions comprising the Rappahannock Area Development Commission have gone on record endorsing the Salem Church Dam project,

Therefore, the Rappahannock Area Development Commission does hereby strongly endorse and recommend the construction of the Salem Church Dam project at the earliest practicable date.

Adopted: April 6, 1967.
