

THE WASHINGTON PSYCHIATRIC SOCIETY,
Washington, D.C., March 22, 1965.

MALCOLM L. MELTZER, Ph. D.,
Washington, D.C.

DEAR DR. MELTZER: Thank you for your recent letter informing me of the activity of the American Psychological Association with regard to the desirability of legislation for the licensing of psychologists in the District of Columbia.

This matter was presented again to the Council of this Society as well as to the Mental Health Committee of the District of Columbia Medical Society. These two organizations, after full discussion, arrived at identical conclusions, namely that they saw no reason at this time to change their policies regarding the licensure of psychologists.

The suggestion as to some sort of liaison committee acting as a clearing house for information between our societies is currently under study and I will be happy to inform you when a decision has been reached.

Thank you for your courtesy in briefing me on your present situation.

Sincerely yours,

LEON YOCHELSON, M.D., *President.*
